Affiliated to Aadi Kavi Nannayya University
Opp K.G.N.M. Trust, Purushottapatnam Road, Seethanagaram

NATIONAL SERVICE SCHEME (NSS)

STUDENTS VACCINATION PROGRAMME

03-01-2022

There are several COVID-19 vaccines validated for use by WHO (given Emergency Use Listing). The first mass vaccination programme started in early December 2020 and the number of vaccination doses administered is updated on a daily basis on the COVID-19 dashboard.

The WHO Emergency Use Listing process determines whether a product can be recommended for use based on all the available data on safety and efficacy and on its suitability in low- and middle-income countries. Vaccines are assessed to ensure they meet acceptable standards of quality, safety, and efficacy using clinical trial data, manufacturing, and quality control processes. The assessment weighs the threat posed by the emergency as well as the benefit that would accrue from the use of the product against any potential risks.

In line with their national regulations and legislation, countries have the autonomy to issue emergency use authorizations for any health product. Domestic emergency use authorizations are issued at the discretion of countries and not subject to WHO approval.

Our college NSS Unit and Department of Zoology jointly organized Mega Vaccination Drive for our students in collaboration with local PHC on 3rd January 2021. Sri Jakkampudi Raja, MLA inaugurated the Drive and Principal Dr D.Chittibabu, NSS Co-Ordinator Sri S. Rajendra Prasad, HoD of Zoology Smt. A. Vani and other staff members coordinated the programme. Nearly 150 students were vaccinated with Covaxine.
