### **POLAVARAM PROJECT VISIT ON 08-02-2019**

The IQAC and all the departments in the college organized a field trip to Polavaram National Project on 08-02-2019 with the financial Assistance of the Andhra Pradesh Irrigation Department, Rajahmundry.

### **Objectives of the Field Trip:**

- To deepen Social and Historical Knowledge among the students
- To develop Critical Thinking Skills among the students.
- To highlight Career Opportunities

- To promote Interest in Art and Culture
- To provide valuable qualitative and affective learning experiences which will encourage deeper thinking about the interaction between man and his environment.
- To train art students in observation skills through drawings.
- To create an appreciation of nature in art students.
- To be exposed to the cultures and way of life of different groups of people and to be humble and respectful of their interaction.

### **Description of the Field Trip**

The IQAC and the departments of Arts, Commerce, and Science planned a field trip to Polavaram National Water Project which is being constructed in Polavaram, West Godavari District. The Irrigation Department of East Godavari district arranged two APSRTC buses for the students and the staff to visit the project. The Project is located 40 km away from the college. 80 students from all the programs and 10 members of the staff participated in the field trip. The trip started at 9 am from the college and reached the spot at 10:30 am. The students and the staff visited the project. The representatives of the Polavaram project explained to the students to the project details. They explained the advantages of the project once it is finished. The students gained practical experience and they learned about the project. They felt satisfied as they gained social and historical knowledge. After having lunch provided by the Irrigation Department, the students and the staff visited the Museum of Polavaram Project.

### **FLELD TRIP 27<sup>th</sup> AUGUST,2022**

Department of History - Field work for II B.A Students

As per our curriculum, it is mandatory to take our students to field work. Hence, I request you to permit me to take our II B. A Students to Rajamahendravaram to visit Sri.Damerla Ramarao Art Gallery and Gowthami Library and Sri R.S.R. Archaeology & Museum, Rajamahendravaram, East Godavari District, Andhra Pradesh on 27<sup>th</sup> August,2022.

It was very useful field trip to students to gain visualised knowledge from these historical monuments. In Rajamahendravaram the famous Gautami Library

was visited with the students. This library is a repository of knowledge with several thousand books and texts.

Through this visit they got an understanding that after completing their degree education they can use it free of charge for the competitive exams they focus on.

By visiting Mr. Damerla Rama Rao's art gallery, we saw many amazing paintings there. We believe that this visit has given some awakening and encouragement to the students who are interested in painting.

Finally, Sri Rallabandi Subbarao Government Archaeological & Museum was visited.

On further educational journey

We are confident that this visit will be very useful for students interested in archaeological excavations and historical research

## PHOTOS GALLERY

### What is Field Trip ?

- Field Trip! provides interactive tours for any destination and turns learning into a game. Stores student pictures of the experience, creating photo albums to share with their friends and family.

### Objectives of FIELD TRIP?

- To participate in learning experience that are not normally available in the classroom, but are essential for sound training in development policy and administration
- To test the validity and practicability of classroom learning to practice, thus helping students develop their own professional skills
- To create situational teaching for cultivating observation, keenness and discovery.
- To serve as a means to develop positive attitudes, values and specific skills.

## PURPOSE OF FIELD TRIP

- To provide real life situations for first hand information.
- To serve as a preview of a lesson and for gathering instructional materials.
- To supplement classroom instruction to secure definite information for specific lessons.
- To serve as a means of arousing specific interest in materials, objects, places or processes.

## Field trips can be:

- an authentic learning experience
- an important experiential educational practice
- an opportunity for students to bond together as a learning community
- a wonderfully immersive experience
