INTERNATIONAL DAY OF DEMOCRACY SEPTEMBER-15th 2020

In 2007 the United Nations General Assembly resolved to observe 15 September as the **International Day of Democracy**—with the purpose of promoting and upholding the principles of democracy—and invited all member states and organizations to commemorate the day in an appropriate manner that contributes to raising public awareness.

while democracies share common features, there is no single model of democracy and that democracy does not belong to any country or region... .democracy is a universal value based on the freely-expressed will of people to determine their own political, economic, social and cultural systems, and their full participation in all aspects of life.

In September 1997 the Inter-Parliamentary Union (IPU) adopted a Universal Declaration on Democracy. That Declaration affirms the principles of democracy, the elements and exercise of democratic government, and the international scope of democracy.

WORLD AIDS DAY

01-12-2020

The world has made significant progress since the late 1990s, but HIV remains a major global public health issue. And like many other major health issues, it faces additional challenges during the COVID-19 pandemic.

HIV prevention, testing, treatment and care services are all being disrupted particularly in countries with fragile health systems. The breakdown in essential HIV services due to COVID-19 is threatening lives. Any slowing down in provision of these services will leave many vulnerable populations at greater risk of HIV infection and AIDS-related deaths. Nevertheless, all over the world, health workers and community representatives are doing their utmost to keep services going, adopting innovative ways to overcome disruptions in services caused by COVID-19.

On 1 December WHO joins partners in paying tribute to all those working to provide HIV services, and in calling on global leaders and citizens to rally for “global solidarity” to maintain essential HIV services during COVID 19 and beyond. It is a call to focus on vulnerable groups who are already at risk and expand coverage to children and adolescents. And in 2020, the International Year of the Nurse and the Midwife, it is a call for more protection and support to these health workers who have long been on the frontline of HIV service delivery. We can all contribute to the effort to end AIDS and make the world a healthier place.

WORLD HUMAN RIGHTS DAY 10th DECEMBER, 2020

This year's Human Rights Day theme relates to the COVID-19 pandemic and focuses on the need to build back better by ensuring Human Rights are central to recovery efforts. INDIAN POLITY

CONSTITUTION OF INDIA - Part IV (A)
Fundamental Duties

Article 51A

The fundamental duties of citizens were added to the constitution by the 42nd Amendment in 1976 under Article 51A part 4A, upon the recommendations of the Swarna Singh Committee. Initially while drafting the Constitution of India fundamental duties were not part of Constitution of India. The fundamental duties were inspired by constitution of USSR (now Russia). Originally ten in number, the fundamental duties were increased to eleven by the 86th Amendment in 2002, which added a duty on every parent or guardian to ensure that their child or ward was provided opportunities for education between the ages of six and fourteen years. The other fundamental duties obligate all citizens to respect the national symbols of India, including the constitution, to cherish its heritage, preserve its composite culture and assist in its defence. They also obligate all Indians to promote the spirit of common brotherhood, protect the environment and public property, develop scientific temper, abjure violence, and strive towards excellence in all spheres of life. The violation of fundamental duties is not punishable offense unless it is backed by Legislative enactments like Prevention of Insults to National Honour Act, 1971, Forest Act, Environment Act, Pollution Act and others. Supreme court has ruled that these fundamental duties can also help the court to decide the constitutionality of a law passed by the legislature. There is reference to such duties in international instruments such as the Universal Declaration of Human Rights and International Covenant on Civil and Political Rights.
