RAIN WATER HARVESTING SYSTEM POLICY DOCUMENT

Government Degree College, Seethanagaram

Accredited by NAAC with "B" Grade, ISO 9001:2015 Certified College

Affiliated to Aadi Kavi Nannayya University
Opp K.G.N.M. Trust, Purushottapatnam Road, Seethanagaram

OBJECTIVES:

- ❖ To use rain water for growing plants on the ground such as grass, croton plants and flower plants.
- ❖ To reduce soil erosion.
- ❖ To increase the underground water levels.

IMPLEMENTATION:

As part of clean and green environment of the college, the college is provided with rain harvesting facility on the top of college building which is provided with surrounding walls for collecting rain water and outlet tubes for rain water to reach ground.

There after, the rain water is used for growing plants on the ground such as grass, croton plants and flower plants. This practice also helps in reducing soil erosion and increasing the underground water levels.
